

For Immediate Release

Jackrabbit Technologies Shares Benefits of its Business Management System at Five UDMA Seminars

CHARLOTTE, NC – September 14, 2010 – [Jackrabbit Technologies](#), leading provider of web-based solutions for class-based businesses, will participate in five [United Dance Merchants of America seminars](#) coming this Fall.

Jackrabbit Technologies will demonstrate its web-based business management system at seminars taking place:

- September 18-19 in Long Beach, CA
- September 25-26 in Duluth, GA
- October 2-3 in Houston, TX
- October 9-10 in Secaucus, NJ
- October 16-17 in Schaumburg, IL

Each UDMA event is designed to provide dance studio owners and managers with valuable information for sharpening their instructional content and skills in addition to operating and growing their businesses. Topics presented by industry leaders include teaching tips, marketing the studio, inspiring talent and organizing for profit.

Jackrabbit's business management system helps owners and managers of dance studios leverage technology to improve their operations. At each seminar, solution experts will be on hand to answer questions, demonstrate the Jackrabbit system and enroll new users. Demonstrations offer a live look into the software including the latest enhancements and options, such as the [Unlimited Lead File](#), and the full complement of powerful system features.

"Our team looks forward to opportunities, such as UDMA Seminars, to engage with our system users and prospective customers in identifying ways that Jackrabbit can help them improve and enhance their businesses," says Mark Mahoney, President and CoFounder of Jackrabbit. "Our system acts as a support system for owners and managers of dance studios as they wear the many hats it takes to be a business people and instructors."

Jackrabbit Technologies prides itself on its business management software in addition to its consistent software enhancements, industry leading customer support and track record for customer satisfaction. Jackrabbit is attentive to needs through open lines of communication with customers who are also leading their practice areas in providing quality learning experiences to students. Jackrabbit offers a system specifically geared to the needs of Dance Studios at www.JackrabbitDance.com. [Dance Studio case studies](#) are also available for review.

ABOUT JACKRABBIT TECHNOLOGIES

Jackrabbit Technologies [www.Jackrabbittech.com] provides web-based class management and billing systems for classed-based organizations including cheer gyms, child care centers, camps, dance and gymnastics studios, martial arts schools, music schools, swim schools and businesses offering combinations of these activities. Jackrabbit develops solutions rich in features, such as enrollment management, billing, online registration and customer portals that enable organizations to better manage and grow their businesses. Jackrabbit Technologies' solutions are provided as a service (Software as a Service - SaaS model). By partnering with leading service providers in its market sectors, such as Sam Beckford, Kindermusik and Abrakadoodle, Jackrabbit Technologies ensures that the best interests of its clients in each of its eight market segments are at the forefront of development efforts.
